

West Coast Speedway 7 November 2009

The weather for the second meeting at Greenstone track was not the best but cleared before racing. Unfortunately the ATV Challenge expected for this meeting was cancelled at the last minute.

Stockcars

The Stockcars put on their normally exciting display of strategic hit, blocking and racing. First round went to Dwayne Honey and second round to Hadleigh Smith but lost out in the overall results to Colin Cameron from Christchurch with two seconds and a first in the last round.

Youth Ministocks

Close racing in this class as the rookies start to get to grips with racing. All these newbies are showing promise and we can look forward to very close racing in the future. Bryden Stewart was the star of Saturday's racing with two first places and one second place.

Production Saloons

The first and second placings in this class alternated between Brent Shearer and Ron Koole. By the third round they had a first and second placing each but Koole took the last race and this gave him the extra point to be the winner on the day.
